

Financial Policy

We urge you, as the policy holder, to know your insurance plan's benefits and coverage (such as well check-ups, immunizations, co-pay or coinsurance, and referral to specialists). We will verify your benefits when you come for your first visit and when we are notified of any changes in your insurance; however, we cannot guarantee that this information will be accurate. You will ultimately be responsible for knowing what is and what is not covered by your plan.

All co-pay and coinsurance payments are due at the time of the visit.

The contract we have with your insurance company requires that payment be made within 90 days of a claim's submission. We will bill your insurance for the services rendered, but any amount not covered by your plan will be your responsibility; this amount is due immediately. Any amount outstanding on your account after 90 days may be turned over to a collection agency. No appointments can be made until your balance is paid in full.

By signing below, you are acknowledging that you have read and understand our financial policy and agree to these terms.
